Our Camp is located on the beach within the private area of Bungalows of a luxurious tourist complex in the Peri-Urban Park of Puerto de Santa María, very close to the exclusive area of Puerto Sherry. This exclusive location is well served by three international airports. Our preference is either Jerez (20 minutes) or Seville (70 minutes) with Malaga (2 hrs and 30 minutes) being an alternative which must be confirmed with the head office.

We will have at our disposal a large private space where there is little influx of the general public, which is why Cijara Summer Camp has chosen here to carry out its Beach Camp this year 2019. Away from the coast our excursion programme takes campers through the dramatic scenery of colourful Andalucía to visit its historical towns and cities of culture including the picturesque ancient port of Cadiz and El Puerto de Santa Maria and its monuments (Castillo de San Marcos, Phoenician Village of Doña Blanca, Church Mayor Prioral, Monastery of Victory). Children will be accommodated in our luxurious bungalows for 4/5 people with a private bathroom. We have our own professional kitchen that in addition to preparing all kinds of special menus for those with special dietary requirements, and always using the local produce.

# LANGUAGE CAMPS

Students learn Spanish by practicing speaking together, using a range of specially chosen and interesting subjects. These become short but engaging projects using role play, developing ideas and discussing them with other campers using their improving language skills. Lessons are in well-equipped classrooms but in good weather can be moved outdoors. At the end of the camp our qualified teacher and the Language Director award certificates to each student but more importantly a separate detailed progress report is sent independently to each family. As a break, at all language camps the students enjoy a programme of excursions.

Highly successful and fun – the Cíjara Camp’s style language programmes that campers really enjoy!

**Spanish, English and French available.**

Learn languages in the Cíjara Camps – it’s “different”, successful and fun all the time!

Our highly successful language teaching programme is mainly based on the spoken word and sets very high standards in language learning, yet with achievable goals for the young learner. ## ENVIRONMENTAL EDUCACION

Tomorrow's leaders need to be equipped for tomorrow's challenges, and we must adequately prepare our children for the future they will inherit. That requires a commitment to providing children with environmental education that helps them become the educated thought leaders of tomorrow.

Raising an environmentally literate generation of problem solvers will help ensure that tomorrow's decision-makers are prepared for the challenges they will likely face. Studies have shown environmental education engages students in learning, raises test scores, and encourages youth to pursue career in environmental and natural resources.
