## Language Camp

Students learn Spanish by practicing speaking together, using a range of specially chosen and interesting subjects. These become short but engaging projects using role play, developing ideas and discussing them with other campers using their improving language skills. Lessons are in well-equipped classrooms but in good weather can be moved outdoors. At the end of the camp our qualified teacher and the Language Director award certificates to each student, but more importantly a separate detailed progress report is sent independently to each family. As a break, at all language camps the students enjoy a programme of excursions.

Highly successful and fun – the Cíjara Camp’s style language programmes that campers really enjoy!

**Spanish, English and French are available.**

Learn languages in the Cíjara Camps – it’s “different”, successful and fun all the time!

Our highly successful language teaching programme is mainly based on the spoken word and sets very high standards in language learning, yet with achievable goals for the young learner. Using techniques based on participation, role playing and fun, students enjoy the experience and achieve really positive results.

**The learning process - How it works:**

Students are assessed and placed into groups of about 8-10 according to their age and ability – but may be upgraded later as they progress. Lessons are 5 days per week from 10.00 am till 13.00 pm with short 10-minute breaks.

### Nautical & Beach: surf, kayak & much more

Do you like surfing? Or maybe you prefer kayaking? What about paddle surfing?

Welcome to **CÍJARA SUMMER CAMP BEACH!** Learn to master and improve skills as well as perfect techniques in this challenging but very rewarding sports. There will be lots of fun in the sun, hard work and the inevitable thrills and spills. Just a one minute walk takes campers to the Cíjara Camps beach base, the beautiful, uncrowded Playa de la Puntilla with its extensive stretch of white sand, washed by the turquoise water and rolling waves of the Atlantic Ocean.

This programme will be in the hands of qualified experts at the well-established local Surf School. Cíjara Camps counsellors will always be there to take care of the young surfers. As usual with Cíjara Camps, the constant emphasis is on care and safety which is why this particular Surf School was chosen. We also do kayaking, beach volleyball... campers will be taken to the beach base and will be having a lot of fun! We expect every camper to have a fun time whilst making good progress. The gentle waves of this beach make learning easy and progress is seen quickly.

## ***Adventure Camp***

**Cijara Summer Camp Beach** is an exciting and challenging programme that introduces campers who are enthusiastic about outdoor life to a thrilling range of water sports and beach activities.

The adventure activities also take campers into the forest and trails that surround the camp as well as taking advantage of the excellent on-site activity facilities available in our campus.

Away from the beach, campers enjoy the hiking trails through a shady eucalyptus forest close to the camp. Other cool activities include archery, rounding out a true Andalusian Adventure.

Don't forget about the trekking, it is one of our favourite activities! After all, we are in the ideal place...

## *Environmental Education*

Tomorrow's leaders need to be equipped for tomorrow's challenges, and we must adequately prepare our children for the future they will inherit. That requires a commitment to provide children with an environmental education that helps them become the educated thought leaders of tomorrow.

Raising an environmentally literate generation of problem solvers will help ensure that tomorrow's decision-makers are prepared for the challenges they are likely to face. Studies have shown environmental education engages students in learning, raises test scores, and encourages youth to pursue careers in environmental and natural resources.

*The future of the environment, natural resources, and our quality of life begins with the education of today's youth.*
